

DGC019/2557

4 March 2014

Dear All Concerns,

Subject: Low Bed Truck Trailer Service Charges

Recent Announcement by Laem Chabang Port on vehicle packs in container of both import and export are considered as Dangerous Cargo. Hence, all handling of those DG containers must comply to the LCBP's rule and regulation by deliver and/or pick up vehicle in DG container via over side ship only. In case of vehicle's oversize from container (flat rack/open top) and found normal chassis unfit for carry and/or moving. At such, we JWD will consider these required Low Bed chassis as special equipment which Importer/Consignee must provide its own low bed chassis ready for pick up at ship side at date/time appointment with Terminal. Or otherwise, we JWD will arrange low bed chassis for those over-sized vehicle/equipments and reserves the right to charge the client at rate 6,500. - Baht/trip (LCB to DG/30 rai or vice versa)

Best Regard,

Mr. Vachira Sammakamai

DG Terminal Manager
